DETAILED ACTION

1. Claims 21-22 and 28-33 are pending.
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. The terminal disclaimer filed 14 March 2008 is not approved. An attorney or agent, not of record, is not authorized to sign a terminal disclaimer in the capacity as an attorney or agent acting in a representative capacity as provided by 37 CFR 1.34 (a). See 37 CFR 1.321(b) and/or (c). Because the undersigned has a registration number, he/she can file papers for correspondence. However he/she does not have authorization to give himself or the customer number power of attorney to sign terminal disclaimers. In this instance there were no agents recorded in the Oath dated 10/10/2007. The Oath filed 07/14/2003 was unsigned.

Double Patenting

4. Claims 21-22 and 28-32 are rejected on the ground of nonstatutory obviousness-type double patenting as being unpatentable over claims 1-4, 7, 9-11, 16 and 20 of U.S. Patent No. 7,041,875. The rejection is repeated for the reasons of record as set forth in the Office action mailed 29 October 2007. Applicant's arguments filed 29 January 2008 have been fully considered but they are not persuasive.

Applicant urges that they have filed a terminal disclaimer (response pg 3).

This is not found persuasive because the terminal disclaimer was not approved for the reasons indicated above.

Art Unit: 1638

5. Claim 33 is objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

6. **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
